**CONFERENCE**

## ABOUT THE CONFERENCE

The 2019 National Animal Interest Alliance (NAIA) Conference continues a 28-year tradition of bringing together representatives from diverse animal-related fields with a shared interest in animal well-being, the human–animal bond, a passion for working with animals, and a desire for reasonable legislative remedies.

Each year, NAIA plans its conference around topics of current importance to animal professionals, owners, and caregivers, presenting cutting-edge information and rallying the most committed animal enthusiasts to action. This year we continue the 2018 theme of “Uniting to Save Our Endangered Breeds” by focusing on the next step: “Securing the Bond.” In addition to presentations on genetics, animal training and maximizing canine fertility, we will hear from experts on protecting animal owners and industries from the threats of activists and overzealous animal cops.

**AUDIENCE:** 150–200 attendees **VENUE:** Double Tree by Hilton Hotel Orlando at SeaWorld, 407.352.1100

**CONFERENCE FORMAT:** The schedule and numerous recognition opportunities enable you to grow your knowledge about endangered breeds while building your business/brand awareness among an audience of animal welfare leaders. A lively welcome reception on Friday evening kicks off the conference and is the first opportunity for all sponsors, exhibitors, speakers, and attendees to connect. The schedule for Saturday and Sunday starts with breakfast presentations followed by morning sessions, a lunch presentation, and afternoon sessions. Refreshment breaks are provided, as well as ample time to network. Saturday’s dinner, with cocktail hour and live music, offers additional time to connect.

## BECOME A SPONSOR

Your sponsorship of the 2019 NAIA Conference demonstrates your commitment to an issue your customers and employees care deeply about: the welfare of animals. When you sponsor the NAIA Conference, you not only build awareness among conference attendees, but you also reach our entire alliance of animal scientists, veterinarians, pet industry business owners and leaders, dog, cat and bird club enthusiasts, farmers, sportsmen, conservationists, and pet owners. Let NAIA's website, e-news audience, and social media outreach help showcase your commitment to animal welfare. Reciprocal posts/shares, links, and mentions in your business newsletters and other marketing materials bolster the impact of your sponsorship.

**ABOUT NAIA:** Our mission is to promote the welfare of animals, to strengthen the human-animal bond, and to safeguard the rights of responsible animal owners, enthusiasts, and professionals through research, public information campaigns, and sound public policy. Founded in 1991, NAIA is recognized as an educational resource for the general public and a credible, rational alternative to animal rights extremism. We support animal welfare and the rights of responsible animal owners by:

- Presenting information and resources to help the public expand its knowledge about animals and animal welfare issues through resources such as Discover Animals for children and adults, research initiatives like the Shelter Project, and collaborations with partner organizations;
- Creating programs to improve the care and welfare of animals, such as Homes for Animal Heroes to rehome dogs that contributed to biomedical research; to raise awareness of the role animals have had, and continue to have, in the prevention, cure, and treatment of diseases; and to educate the public about the care research professionals provide to animals;
- Helping local authorities write laws that target irresponsible ownership practices and inhumane treatment of animals while safeguarding the rights of responsible animal owners; and
- Supporting the enforcement of state and federal laws that mandate the proper treatment of animals and provide penalties for animal abuse.
